

Special Word Bingo

Follow the instructions to make a "Bingo Board" using your special word and keep reading for ways to play!

Supplies You Might Need

- Paper
- Something to write with
- Scissors
- 2 cups or containers for holding the letter and number pieces
- Coins or small pieces of paper to use as markers on your Bingo board

1. Make your board by printing the template or drawing your own.
2. Fill in the spaces with the letters from your special word. Just keep writing the word until there are no spaces left! It's okay if you stop in the middle of a word.
3. Print and cut out the letters and numbers from the template, or write your own. Each letter and number should be on its own piece of paper.
4. Fold the letters in half and put them in a container.
5. Fold the numbers in half and put them in their own container.

Traditional Bingo:

- Pull one letter and one number from each container. If you have that letter under that number on your board, mark it!
- Put the letter and number back in their containers so they can be drawn again.
- Continue until someone gets 5 in a row!

Action Bingo:

Helpful Tip! To make this game easier, only put the letters from your word into your letter container.

- Keep your board and letter/number containers somewhere that everyone can see them.
- Any time someone sees you doing something to live out your word, you get to draw a letter and number to mark your board!
- Decide with an adult on a special reward for when you get 5 in a row.
