

# Special Word Mandala Art

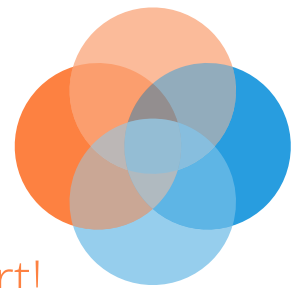

Print these pages to make inspiring art using your special word.

Don't forget to write your special word in the space on each page.

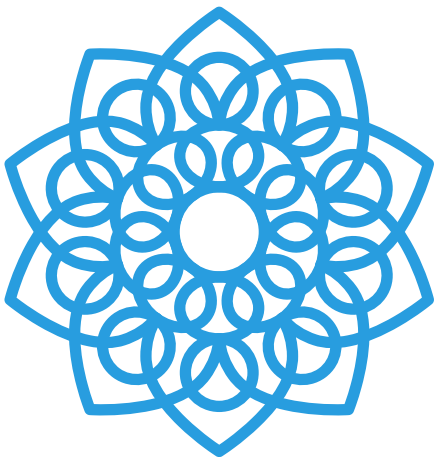

## Looking for a challenge?

Find colors that start with the letters in your word and only use those colors to make your art!

## Here's an idea!

Draw your own mandala using a pattern of shapes. Mandala making is meant to be relaxing. Use the time to focus on your word as you draw and daydream. Start in the middle and work your way outward.
